

Dear Clayton Residents:

To clarify proper set out for yard waste, recycling of cardboard receptacles and large items, here are rules that need to be followed so that your items can be collected curbside by the Republic Services collection crews:

Yard Waste

Yard Waste will be collected with your waste service at no additional charge. Branches and brush must be 4' in length or 2' in diameter and shall not weigh more than 50 lbs. Please set out a reasonable number of bundles of brush and branches per week. Bundles outside of your cart need to be tied. If you are placing yard waste in your Republic Services container, items inside the cart do not need to be tied or bundled.

Recycling Cardboard Receptacles

Cardboard should be broken down and placed in your Republic Services recycling cart. If you have additional cardboard that does not fit inside your cart, please make sure that it is placed broken down and next to your recycling container. Cardboard boxes that are not broken down will be taken as trash. Please note that cardboard containers should never be filled with trash contents as this can cause an issue with drivers lifting the boxes when they get wet.

Large Item Furniture and Mattress Collection

To protect our employees and the residents from bed bugs and other health concerns, we ask that all cloth and or leather furniture and mattress be fully wrapped in plastic prior to being set out at the curb. If items are not wrapped, they will not be collected. This is a safety precaution for the community and the Republic Services employees.

We look forward to serving you!

Sincerely,

Republic Services and the City of Clayton
